Playing Time Policy

A significant part of the coaches' role (and the most likely cause of conflict with parents and players) is the assignment of playing time. The following points reflect the parameters within which coaches at Smash Raiders Volleyball Club make decisions about how playing time is awarded:

- Each team in Smash Raiders Volleyball Club is committed to perform at the highest level possible.
- There is no equal-play policy in the Club, however, teams competing in OVA tournaments at the 16U (Trillium division) and younger age levels are subject to fair-play rules imposed by the OVA.
- Playing time is at the sole discretion of the coaching staff. Their goal is to achieve success for the team, and player selections will be made with that aim in mind and on the basis of a number of factors that continually change over the course of a set, match, and tournament. Factors determining how much playing time an athlete earns include:
 - State of technical skills.
 - Mentality and composure.
 - Interaction with others on the court.
 - Ability to execute the team's system.
 - Acknowledgement of work in practice.
 - Opportunity to gain experience from game play.
 - Situational factors (e.g. strength on serve).

Making good judgments about these factors is the most difficult job of the coaching staff. Athletes and parents can help in the following ways:

- Athletes – engage in an on-going dialogue with the coaching staff to learn how to maximize your role with the team.
- Parents – support your children in their effort to self-advocate and take responsibility for their development as athletes.

Payment Guidelines, Budgeting & Refund Policies

Volleyball can be an expensive sport to play and Smash Raiders Volleyball Club is committed to keeping costs down through effective use of our resources and assets as well as pursuing sponsorship and fundraising opportunities. In normal years, costs can range from approximately \$1,500 to more than \$3,000 for a season depending on the age group and the amount of tournaments that a team decides to participate in (which may or may not include travel).

All athletes are required to put down a deposit (\$500) in order to secure their spot on a team. Full payment is due by the given deadline (October 31, 2021) unless alternate arrangements are made. Athletes cannot play or practice if fees have not been paid. The Club Fees cover costs, including tournament entry fees, gym rentals, equipment costs, coach expenses, administration, uniforms, etc. Additional Team Fees are added to this amount based on team activities.

Smash Raiders Volleyball Club puts a significant amount of time and energy into determining Club fees. Final fees are based on all of the hard and soft costs of running the Club. Itemized budgets are not provided to teams.

As most costs are fixed regardless of the amount and level of participation, refunds cannot be provided for athletes who choose not to or cannot continue participating regardless of the reason or timing, unless the remainder of the team agrees to cover the refund to the athlete. **This includes an athlete no longer being able to participate due to an injury.**

In the case of the cancelation of the season in whole or in part or any event, due to, but not limited to “acts of God”, changes in the laws of Canada or Province of Ontario, government restrictions, health epidemics, lockouts, strikes, storms, floods, fires or building safety issues, and whereby Smash Raiders Volleyball Club is able to recover funds specific to said event or season, these will be returned to the club members on a prorated basis.

Conflict Resolution Policy

Smash Raiders Volleyball Club is committed to achievement at the highest possible level. As a club that strives to develop winning teams at an elite level of competition, there will always be a risk of disagreement and even conflict among parents, athletes, and coaches. Our priority is to anticipate this risk and respond in a manner that leads to resolution and understanding should conflict arise. To this end, we ask that all parents acknowledge and follow the policy described below.

1. Smash Raiders Volleyball Club expects that all of its members, including all athletes and their parents, will behave in a manner that is respectful of others and conducive to effective discussion.
2. Conflict is best resolved through dialogue and communication; therefore, when a concern arises, contact with the parent rep (following the 24-hour cooling off period described below in #6) should be made to share the concern.
3. Keep the number of participants in the discussion to a minimum. Do not broadcast the dispute or enlist participation from others.
4. Do not attempt to resolve the dispute during practice time.
5. Do not approach the coaching staff with concerns about playing time. That is a conversation that should involve coaches and players only.
6. Observe a cooling-off period of 24-hours between the cause of the concern and the approach to the parent rep.
7. If they are not satisfied with the response of the parent rep, parents should contact the coach directly and arrange a meeting to discuss. The parent rep may be asked to be present at this meeting.
8. If still not satisfied with the response, contact shall be made with the Technical Director or a member of the club executive to discuss the matter.
9. In the event that a coach has an issue with a player or parent, he/she will advise the Technical Director and then initiate a private conversation. If no resolution is reached, a letter will be sent to the parent and copied to the SRVC Executive for review. The Executive committee will make a decision about the appropriate action to take.

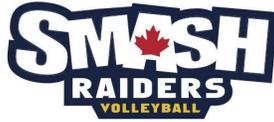

I acknowledge that I have read and agree to the policy for conflict resolution described above.
